

**ISTITUTO NAZIONALE DI FISICA NUCLEARE
CONSIGLIO DIRETTIVO**

DELIBERAZIONE N° 14475

- Il Consiglio Direttivo dell'Istituto Nazionale di Fisica Nucleare, riunito in Roma il giorno 21 luglio 2017, alla presenza di n. 30 suoi componenti su un totale di n. 34;
- visto il Regolamento concernente il conferimento delle borse di studio, approvato con propria deliberazione n. 1963 del 25 gennaio 1985 e successivamente integrato con deliberazione n. 2097 del 9 luglio 1985;
- preso atto della necessità di attrarre ricercatori stranieri nell'ambito delle attività di ricerca dell'INFN;
- accertata la necessaria copertura finanziaria;
- su proposta della Giunta Esecutiva;
- con n. 30 voti a favore;
- visto il risultato della votazione;

DELIBERA

- 1) di istituire n. **14 borse di studio post-doctoral**, della durata di un anno e rinnovabili per un ulteriore anno, da attribuire a fisici teorici, per soggiorni di studio e ricerca presso le Sezioni, Laboratori Nazionali e Centri dell'INFN;
- 2) che l'importo di ciascuna borsa è di euro 36.000,00 annui al lordo di imposta; ai borsisti può inoltre essere esteso il servizio mensa con le modalità previste per il personale dell'INFN;
- 3) che l'inizio della fruizione delle borse dovrà avvenire entro il **1° novembre 2018**; sono accettate le richieste di posticipare la data di inizio dell'attività;
- 4) che l'Amministrazione Centrale rimborserà il biglietto di viaggio per raggiungere la Struttura INFN di destinazione all'inizio della borsa, nonché il biglietto di viaggio per il ritorno al termine della borsa stessa; tutte le trasferte saranno a carico del gruppo al quale afferisce il borsista;
- 5) che il costo complessivo relativo a ciascuna delle borse di studio conferite, pari ad euro 39.060,00 annui, trova copertura nel capitolo U.1.01.01.01.010 (Borse di studio dell'Istituto) dei bilanci di rispettiva competenza in riferimento all'erogazione dei compensi.

Announcement n.

POST-DOCTORAL FELLOWSHIPS IN THEORETICAL PHYSICS

The 2018/2019 INFN Fellowship Program offers **14 (fourteen) positions** for research activity in Theoretical Physics.

Eligible candidates may be:

- Non-Italian citizens, or
- Italian citizens who, at the time of the application, hold a position in a foreign institution and have been continuously abroad for at least three years.

Applicants must have a Ph.D. degree (or an equivalent qualification), obtained no more than eight years prior to the call deadline, *i.e.* on or after November 15, 2009. This time limit may be extended in case of:

- Maternity (18 months for each child born before or after the Ph.D. award, up to a maximum of 4.5 years);
- Paternity (effective time of leave taken for each child born before or after the Ph.D. award, up to a maximum of 4.5 years);
- National Service (effective time of leave taken after the Ph.D. award);
- Long-term illness, *i.e.* over 90 days, (effective time of leave taken for each incident occurred after the Ph.D. award).

The total elapsed time since the award of the PhD should not in any case surpass twelve years and six months. The reasons for an extension of the time limit must be duly documented only in case of a successful application. Failure in providing the appropriate documentation will result in the ineligibility for the appointment.

Candidates who are preparing their doctoral thesis are eligible to apply; however they must have obtained their Ph.D. degree before taking up their appointment with INFN.

The research topics of the **fourteen** fellowships and the corresponding INFN sites are listed in Annex 1. Each candidate may apply up to a maximum of two fellowships.

The annual gross salary is 36.000,00 €. Each fellowship is initially granted for one year and may be extended for a second year. Travel tickets to and from INFN sites will be reimbursed at the beginning and at the end of the fellowship; also lunch tickets will be provided for working days.

Applications, in electronic form, must be submitted to INFN not later than **November 15, 2017 (11:59 a.m. CET)** through the website <https://reclutamento.infn.it/ReclutamentoOnline/>. In the application the candidates must specify the date of their Ph.D., the selected research topic(s) and the corresponding INFN site(s) (up to a maximum of two) among those listed in Annex 1, and must include:

- a curriculum vitae;
- a publication list;
- the names and e-mail addresses of three referees, each of them may upload a reference letter not later than **November 19, 2017 (11:59 a.m. CET)**.

Italian applicants must also specify the foreign institution where they hold a position and must certify that they have been continuously abroad at least since November 15, 2014.

Candidates will be excluded from participation in this call if they submit their application later than the deadline indicated.

Incomplete applications (lack of information or missing files) will not be considered.

For each fellowship primary consideration will be given to candidates working in the corresponding specific research topic; however candidates working in other subjects may be also considered.

At the end of the selection process, the results of the selection will be published at INFN website (Job Opportunities – Details of the announcement). Successful candidates will then receive an official communication from the INFN administration offices. The appointed fellows should start their fellowships **not later than November 1, 2018**; however, special requests to defer the starting date can be considered.

ISTITUTO NAZIONALE DI FISICA NUCLEARE
IL PRESIDENTE
(Prof. Fernando Ferroni)

ANNEX 1

INFN Section or Laboratory

Research Topic

CAGLIARI	Hadron Physics
FERRARA	Nuclear Matter, Gamma Ray Bursts and Mergers of Compact Stellar Objects
FIRENZE	LHC and Collider Physics
GENOVA	Statistical Field Theories, Holography and Applications
LNGS	Phenomenology of Fundamental Interactions
LNS	Physics of Strongly Interacting Matter and Quark-Gluon Plasma
LECCE	Integrable Models and Their Applications to Classical and Quantum Problems
NAPOLI	Gauge and String Theories
PADOVA	Inflation, Large Scale Structures and Cosmology
MILANO BICOCCA - to be attended at Group of PARMA	Gauge and String Theories
PISA	Supergravity, Gauge and String Theories
ROMA TOR VERGATA	Lattice Gauge Theories and Applications
ROMA TRE	Phenomenology of Fundamental Interactions
TRIESTE	Astroparticle and Neutrino Physics
